

INVEST IN THE SCHOOLS OUR STUDENTS DESERVE

STOP THE CUTS! SAY NO TO:

- ✗ Ballooning class sizes for grades 4-12
- ✗ Up to 40 kids in one class
- ✗ Taking 1,300 educators out of Toronto classrooms
- ✗ Forcing kids to take 4 online courses instead of in-class learning
- ✗ Cutting \$100 million in school repairs in Toronto
- ✗ Cutting \$25 million in Education Program (EPO) grants that help vulnerable Toronto students
- ✗ Cutting funding for autistic children and students
- ✗ Reducing course choices, especially in arts and trades

**Ford's education plan is all about money,
not what's best for kids.**

Since taking office, Ford has cut taxes for corporations and the wealthy. The Conservative's goal is to cut billions of dollars from the education budget, in order to pay for these tax cuts, and in the process they could destroy one of the best education systems in the world.
