# Re-Elect DANICA IZZARD

## Executive Officer

### DEPENDABLE

*Danica Izzard has done exemplary work as an EO. Her work with BIWOC has supported members in developing excellent resources and experiences. She's helped to create welcoming spaces for members who have previously not engaged with union activity, making their voices and experiences heard. Her genuinely kind, helpful and competent support of members through various situations is why I know Danica would continue to represent members very well.*

**Hardeep Chauhan**, Branch President, Cedarbrae C.I. and BIWOC Co-Chair

### DILIGENT

I am pleased to endorse Danica Izzard's re-election campaign. In the decade I have known and worked with Danica in a variety of capacities, she has shown herself to be a confident, competent, caring, and compassionate leader. She works ardently to defend and support members, which I have witnessed first-hand as a Branch President at one of her schools. Importantly, Danica is a progressive thinker and brings important perspectives to the OSSTF Toronto team as an Executive Officer, and I think it is paramount that we continue to have amplification and representation for those perspectives. Danica's work on a number of Provincial Committees and Work Groups further demonstrates her important service to the Federation and her dedication to the labour movement in general *her to represent us a guarantee of solidarity.*

**Lauren Simmons** Branch President, Leaside High School

### DEDICATED

*While Danica's expertise as an EO is extensive, it is her commitment to and relationships with the members she serves that make her an outstanding candidate for re-election to the Executive. Her **dedication** to the union is unwavering; her empathy and compassion for members are unmatched. We will need a dynamic executive to face the challenges ahead. Danica's experience, her determination, and her positivity make electing her to represent us a guarantee of solidarity.*

**Susy Taylor**, Branch President, York Memorial C.I.

### DYNAMIC

*I have known Danica to be a strong advocate of our members. Her knowledge and understanding of the Collective Agreement makes her a force against Administrators and a comfort to members. From a Branch Presidents perspective, she recognizes our value, the work we do and tries to help however she can; like sending reminder emails about upcoming dates, or finding language in the CA so we can use it in a conflict with admin. While they may seem like little things, that level of organization only helps BP's be better and feel more confident in their roles. Finally, I have watched Danica mentor the next generation of union leadership, taking time to reach out and connect newer BP's with more experienced ones so that we have a network of support.*

**Jessica Polley**, Branch President, Downsview S.S.

**Dependable. Diligent. Dedicated. Dynamic.**
